MISSION STATEMENT

We come together at the Ringwood Golf Club to share our common love of golf, to experience comradery and to enjoy a little dose of healthy competitiveness. We strive to do our best in all aspects of club life by participating with enthusiasm, honesty and loyalty.

CLUB HISTORY

Ringwood Golf Club had its origins at Eastfield in the early sixties until the land was sub-divided for housing towards the end of decade. After a short stay at Olinda the club moved to Chirnside Park in 1969 until Ringwood golf course's first nine was opened in 1974 (2nd nine in 1976). This became the official home for the club and the clubhouse was built with the Council's aid on its present site. It has since been extended twice to accommodate a larger mixed membership.

If playing Match Play check Match Play rulings regarding tied matches.

Before commencement of play, each competitor shall enter the nominated competition.

Register for the competition of the day by entering your membership number on the touch screen – and select to print card. Failure to register renders the player ineligible for the competition.

Unless the annual competition fee for that day's play has been prepaid, write your name and membership number on a provided envelope. Place the correct Entry Fee in the envelope and then place into the Competition Fees box.

ON COMPLETION OF ROUND

Enter your marker's name on your card.

You must return your scorecard or submit via the Miscore App, signed by yourself and your marker, within 15 minutes of completion of that competition round otherwise you may be disqualified from the competition.

It is the players' responsibility to ensure that the recorded scores on a card are correct and properly recorded on the MiClub system.

If gross score for each hole on a returned card does not match the electronic record accepted by the player, then that player will be disqualified from the event.

Cards must still be returned in the event of an incomplete round. Include the score for every completed hole.

A player who returns a card that does not comply with the "Rules of Golf" or has not tendered the correct competition fee will be disqualified.

PRO SHOP

Members wishing to suspend their membership are required to notify the Club Secretary in writing.

No enquires or complaints shall be presented to Committee members while they are playing in the daily competition.

ETIQUETTE AND COURTESY

Etiquette is an integral part of the game, defining golf's core values. It describes the manner in which the game of golf should be played to ensure all players gain maximum enjoyment. In short, it's about *respect*:

Respect for the course – leave the course as you would like to find it by repairing pitch marks, replacing divots, and raking bunkers.

Respect for your fellow players – be sportsmanlike, polite, and avoid causing distractions.

Respect for the game – by knowing the rules and etiquette of golf.

All RGC members are strongly encouraged to familiarise themselves with the R&A's etiquette guidelines found at

<https://www.randa.org/en/rulesequipment/etiquette/behaviour-on-the-course>

IN THE CLUBHOUSE

The Clubhouse is for the use and enjoyment of ALL members and therefore all members are responsible for their personal conduct and acceptable behaviour with consideration for other members. All Rulings, Codes and Standards must be adhered to. Persons and property will be treated with respect at all times.

ON THE COURSE

At all times etiquette and courtesy on the course are paramount. Each member is ultimately responsible for their behaviour and knowledge of the Rules of Golf. Members must not behave in any manner that will bring the Ringwood Golf Club into disrepute. Refer to "Etiquette and Courtesy" section of the Rules of Golf.

All players should refer to the "Local Rules" on the back of the club scorecard. Rulings and pertinent instructions from the Pro Shop must be adhered to.

Note: The lowest handicapped member/s of the playing group is/are deemed to be the *captain* of that playing group, and responsible for the overall conduct and pace of play for that playing group. **In the interests of improving the pace of play off the tee, the match committee insists that the player who is ready to play will hit off first, this does not apply in match play events.**

DRESS CODE

IN THE CLUBHOUSE

Acceptable: On competition days, acceptable on course dress* (see below) with clean, suitable footwear (including smart sandals.) On non-competition days the dress code in the clubhouse is as above, including neat, clean denim jeans.

Unacceptable: Any type of thongs or crocs, and hats or caps of any description.

Note: Non-competing members and/or guests wishing to use the clubhouse on competition days who do not meet the dress code and are dressed in neat, tidy attire must stay in the pool room until the official presentation of that day's competition has concluded.

ON THE COURSE

Acceptable: Collared or mock neck shirts, slacks or dress shorts with a belt, tailored shorts, slacks, or pedal pushers (may be elasticized). Accredited type golf shoes.

Unacceptable: Garments with large motifs or slogans, sports or brief shorts, denim, elastic or drawstring style pants or shorts (men), track or leisure suits, t-shirts, singlets or sun tops.

*Golf shoes permitted only in the competition room.

FREE RELIEF AREAS

Three areas on the golf course are defined as free relief areas, all other areas are considered integral parts of the course.

1. The fence line dividing the 2nd hole fairway and the 3rd teeing area is a free relief area.
2. The area directly in front of the 9th tee box. All other areas on 9th hole are an integral part of the course.
3. The area on the right side of the 18th green between the green and 10th tee box remains a free relief.

A map detailing these locations is available on the whiteboard in the comp room.

GREEN FEES

Green Fees are to be paid at the Pro shop prior to the commencement of a member's round.

HANDICAPS

A player with multiple Club Memberships must nominate one club as the Home club. The Home club is responsible for maintaining that member's handicap and must be given the name/s of the other club/s.

Where membership has ceased at another club, report this fact to the Home club.

Three completed 18-hole singles cards are required for new members to obtain an official handicap under the World Handicapping System. On receiving a handicap, a player is eligible to participate in the competition of the day.

HEAT POLICY

In the interests of player health, if the Bureau of Meteorology forecast predicts a temperature of 38°C or greater for the day of the competition, then the competition will be cancelled by the Match Committee. Relevant forecast is taken from Scoresby at 6pm on the evening before a competition.

HOLE IN ONE

Any playing member achieving a hole in one in an 18-hole club competition is awarded the following.

1. 24 balls
2. A hole-in-one trophy with ball mounted (to be presented at annual presentation night)
3. Their name on the hole-in-one board
4. A bar tab for 25 drinks

The bar tab is designed to be shared with other players. The bar tab is valid for 1 playing day only, within 3 weeks of the date the hole in one is scored. Ideally this would be on the day the hole in one is scored.

MATCH PLAY CONDITIONS

Competition fees need to be paid to be eligible for nearest the pin, hole-in-ones, albatrosses, and eagles during match play rounds.

Match play events cannot be combined with any other form of competition (Rule 33-1).

Players absent from any of the nominated knockout rounds, without making alternate arrangements with the Match Committee and opponent/s, will forfeit.

In all forms of handicap match play, players must use the Australian Match Play Index found on the back of the card.

Match play contestants will forfeit their match if they are not present at the first tee when their allocated tee time has passed.

All knockout match play rounds are to be played on, or before, nominated day. When not playing on the nominated day, it is the responsibility of the participants to arrange this with the Match Committee.

Matches that are all square after 18 holes must continue, in a sudden death format, until a winner can be declared. Play is to be from the 1st tee only, unless otherwise directed by the Pro Shop or Match Committee. Strokes given on handicap will continue throughout the play off holes.

MATCH PLAY WALKOVER POLICY

In the event that a participant in a match play event (Darryl Meehan, Eric Kimberley, Thursday Women's Match Play, Saturday Women's Match Play, Scratch Match Play, Ringwood Trophy) gives a walkover, in bad faith, at any point in the event, that member may be prohibited from playing in ANY match play events the following year, at the discretion of the Match Committee.

Members may appeal the Match Committee's decision in writing to the Committee for consideration at the next Committee meeting, where the captain will abstain from voting. The result of the match will stand, however, and all Committee decision on appeals are final.

NO SHOW POLICY

Definition: A '*No Show*' is a member who does not attend for their tee time without making a reasonable attempt to notify the Pro Shop of their nonattendance.

A '*reasonable attempt*' to contact the Pro Shop is a call made during their normal operating hours. If the Pro Shop is not reachable during normal operating hours the member must note this in writing to a member of the Match Committee (see, contact details page). Calls made to the Pro Shop outside normal operating hours are not considered a reasonable attempt.

If a member records two *No Shows* in any given two-month period, across all comp days, they will be given a written warning and moved to the back of the field on their next playing day (back of the relevant block on Saturdays). Further *No Shows* occurring in this time will be dealt with at the discretion of the Match Committee and will likely result in a suspension from competition play.

No Shows will be monitored by the Pro Shop and reported back to the Match Committee.

SLOW PLAY

Slow play is defined as a group being more than 1.5 holes behind the group in front at any time during the round.

The lowest handicapper in each group is responsible for pace of play of the group.

Policy application is at the discretion of the Match Committee. Notification will be via email to the affected players, if a player doesn't have an email account, then notification will be via a phone call.

POLICY

Any group that is reported to have been playing slow in a round, the lowest handicapper of that group will be contacted by the Match Committee to explain the round. The Match Committee will assess the information and deliver their findings.

If the lowest handicapped player of the group fails to respond to the Match Committee's request for an explanation, that player will be deemed responsible for the slow play.

Each player identified as being responsible for the slow play will have their tee times moved to the end of the allocated block for competitions, they play in for a period of 2 weeks. In the case of the Saturday competition this will be the end of the 2nd block.

Tee times will be adjusted for the affected player(s) with immediate effect.

Slow play will be monitored through feedback from the Pro Shop, RGC club members, and RGC committee members. Feedback from RGC club members must be in writing to the Match Committee.

Should a player reoffend within a 6-month period, then their tee time will be moved to the end of competitions they play in for a period of 4 weeks.

The Match Committee will have the discretion to exclude offender(s) from any single competition round for each offence.

The Match Committee decision is final.
